Summary

BCA graduate and Full Stack Developer with hands-on experience building and deploying Node.js/MongoDB applications. Proven ability to implement MVC architecture, role-based authentication, and REST APIs through two end-to-end deployed projects.

Technical Skills

- Front-end: HTML5, CSS3, JavaScript(EJS), Bootstrap
- Back-end: Node.js, Express.js
- Database: MongoDB
- Tools: Git, GitHub, Render, Ms-Excel, Power Query, Power BI, VS Code

Experience

Data Analysis Intern ----- Lighthouse Communities Foundation	Jan 2026 – Mar 2026
• Cleaned and validated datasets to improve data reliability and usability • Transformed raw data using Power Query, enabling efficient analysis workflows • Designed and developed Power BI and Excel dashboards for actionable insights • Provided end-to-end data support for operational initiatives • Collaborated with teams to enhance data-driven decision making	

Education

• Bachelor Computer Application	2026
BJS SPPU, Pune	
• Maharashtra State Board of Secondary & Higher Secondary Education (HSC)	
R.R. Shinde Jr. College, Pune	2022
• Maharashtra State Board of Secondary & Higher Secondary Education (SSC)	
Late. Tukaram Dhodiba Pathare Vidyalaya, Pune	80% 2020

Academic Project

Wanderlust – Full-Stack Travel Web Application	Live Demo
• Tech Stack: CSS, JavaScript, EJS, Bootstrap, Node.js, Express.js, MongoDB • Developed a full-stack web application using JavaScript, Node.js, Express.js, MongoDB and EJS following MVC architecture. • Enable users to create, edit, update and delete property listings with secure image uploads. • Applied role-based access control to ensure only listing owners can modify and delete their listings. • Integrated review and ratings functionality with proper validation and authorization. • Deployed the application on Render and manage environment variable for production.	
Humanhood – The Golden Roots	Live Demo
• Tech Stack: Html, CSS, JavaScript, Node.js, Express.js, MongoDB, Bootstrap • Developing a web application that connects volunteers, senior citizens and donor. • Implemented role-based authentication and user dashboards. • Designed responsive UI using Bootstrap for better user experience. • Integrated MongoDB Atlas for cloud-based data storage.	

Certifications
